
Three Rivers Rowing Coaching Fellowship (2nd Annual)

Looking for that perfect summer opportunity? Want to keep your hand in the rowing world? Do you have a desire to provide the same opportunity to row that has been offered to you? Would you like to use your leadership abilities to create the team environments that you have enjoyed? Apply for the prestigious 2008 Coaching Fellowship at Three Rivers Rowing (TRR).

Why a Coaching Fellowship for Rowing?

TRR created this fellowship to ensure that the Pittsburgh rowing community will have qualified and certified rowing coaches in the future. Our mission at TRR is to develop and deliver safe, sustainable programs and events that promote the benefits of rowing and paddling to a diverse, growing membership.

Who you will coach and what you will do?

- TRR Competitive Juniors Program (attend national races)
- Summer Camps (teach juniors how to row)
- Adult Summer Rowing League (weekly adult rowing classes)
- Combine coaching and rowing with your other expertise or studies.
Examples could be helping TRR with marketing plans, environmental plans or community outreach.
- Many other opportunities...

What you will receive?

- Competitive Stipend
- Great coaching guidance
- Free room (live & sleep rowing)
- Endless coaching opportunities
- Coaching clinics & certifications (as offered)
- Experience with one of the largest community rowing clubs in the country and winner of the first USRowing Club of the Year award in 2002
- Opportunities for many jobs after the summer

What happens at the end of the summer?

We at Three Rivers Rowing always have coaching opportunities. There is also always a need for more quality coaches at the college and high school levels in Pittsburgh. The fellowship can continue through the school year, but you will not be committed to it. You can leave Pittsburgh if you like, but you will leave with a great experience under your belt and one you will never forget.

Why Pittsburgh?

If you haven't been to Pittsburgh, you don't know what you're missing. The steel mills are long gone and it is a beautiful city based around its rivers. There are miles of rowable water on Pittsburgh's three rivers. Pittsburgh is also one of the most affordable cities in the country (imagine buying a house in a year while your friends are still paying double what you pay in rent). Find this undiscovered city before others do!

Qualifications:

- Competitive rowing experience and college degree preferred. Experience with paddling a plus.
- Current CPR/First Aid certification or willingness to become certified.
- Prior coaching experience is not necessary, but demonstrated ability to work with others and a desire to teach others is necessary.

Required: Resume & letter stating what draws you to coaching.

Recommended: Letter(s) of recommendation.

Please send to (Deadline is April 11, 2008): Rick Brown, Head Coach, Three Rivers Rowing
300 Waterfront Dr., Pittsburgh, PA 15221, Or email: rickbrown@threeriversrowing.org
