

THREE RIVERS ROWING
VOLUNTEER OF THE MONTH

FEBRUARY 2008 BARRY ROGERS

2008 Pittsburgh Indoor Rowing Championship

Barry Rogers is well deserving of the February Volunteer of the Month award. Anyone attending our annual Indoor Rowing Championship is well aware of Barry's presence as he labors away at the computer. As the Timing/Computer Operations Chairperson, Barry spends countless hours adjusting the database before the race and then working with the software on the day of the race to capture times. It's an extremely labor intensive position and we are so grateful for his expertise, energy and commitment to creating a successful indoor erg race year after year.

Barry has been an active volunteer at TRR for many years and has generously given hours and hours of personal time to our events. At the Head of the Ohio one can usually find Barry in a launch helping to marshal the race and at the Scholastic Sprints he is often in charge of results and timing. Barry has been involved with Hampton High School rowing from the beginning, first as an officer in the parent organization and for several years now as the Hampton boys' coach. As a gifted musician, Barry also donates his time and talent as an organist to his church, Faith United Methodist Church.

Community responsibility and volunteerism must be an important ingredient in the Rogers family. Barry's wife Vicky, as well as their three children, Mark, Megan and Meredith continue to give back and offer support to our organization as well. Three Rivers Rowing recognizes and celebrates the entire Rogers family for their effort, spirit, and commitment.

Thank you Barry, you set an outstanding example for each of us to emulate in service to our community!
